Robert Nye Beowulf

The classic tale of Les Misérables abridged for a ten year old child, yet still enjoyable for an adult of any age.

Every Day After Workman Publishing

This is the story of a young man who travelled far across the sea to fight two terrifying monsters-one who could rip a man apart and drink his blood, the other who lived like a sea-wolf at the bottom of a dark, blood-stained lake. The young hero's name was Beowulf, and his story, first written in Anglo-Saxon in the eighth century, has become one of the world's most famous epics. Kevin Crossley-Holland retells the story for children in quick-paced, rhythmical prose accompanied by Charles Keeping's striking illustrations. Together they bring to life the beauty and power of one of the finest English poems.

Greek Gods and Heroes Yearling

We love our little ones. We want to make sure they have a magical childhood that leads to a bright future. To try and achieve this, we pour enormous amounts of time, energy, and financial resources into schools, sports, and a range of other activities. For most of us, the primary influence on our children outside of the home is the school. Our schools get so much right but are largely forgetting to include the critical non-curriculum components. Key ingredients like empathy and resilience are needed for our children to succeed academically and as human beings. Many programs that aim to improve the social element are too narrow, unambitious in scope, and often focused on the symptoms instead of the underlying issues. In Kindness Week is Weak, I chronicle my journey from California to Australia and eventually on to Norway, where I learned about positive parenting and what makes the Nordic countries and their kids the happiest in the world. Learn how we can adjust our approach both inside and outside of the school system to give our kids more of the good stuff like healthier friendships, positive peer interactions, and the right kind of cool as engaged and interested learners. Great schools and healthy minds require happiness. Help turn your child's school into a HAPPINESS FACTORY!

The Jungle Book (1894) is a collection of stories by English author Rudyard Kipling. The stories are fables, using animals in an anthropomorphic manner to give moral lessons. A principal character is the boy or "man-cub" Mowgli, who is raised in the jungle by wolves. Other characters include Shere Khan the tiger and Baloo the bear. The book has been adapted many times for film and other media. The stories were first published in magazines in 1893-94. The original publications contain illustrations, some by the author's father, John Lockwood Kipling. Rudyard Kipling was born in India and spent the first six years of his childhood there. After about ten years in England, he went back to India and worked there for about six and a-half years. These stories were written when Kipling lived in Nauliaka, the home he built in Dummerston, Vermont, in the United States.[1] There is evidence that Kipling wrote the collection of stories for his daughter Josephine, who died from pneumonia in 1899, aged 6; a rare first edition of the book with a handwritten note by the author to his young daughter was discovered at the National Trust's Wimpole Hall in Cambridgeshire, England, in 2010.
